

## PA Specific Requirements

### Applicable Jurisdiction

|  |  |
|--|--|
| Territorial coverage   | Norway   |
| Peppol Service Domain coverage   | <ul style="list-style-type: none"> <li>• Pre-award Procurement</li> <li>• Post-award Procurement</li> <li>• Addressing and capability look-up</li> </ul> |
| If applicable, terms and conditions related to Peppol Service Domains specific to the Peppol Authority | None   |

### 1. Applicable or allowed identifier or identification schemes

| Applicable | Detailed description   |
|------------|--|
| <b>Yes</b> | <p>Allowed identifier for Norwegian organisations is the organisation number as provided to the legal entity by the Central Coordinating Register for Legal Entities (Enhetsregisteret, Brønnøysundregistrene):</p> <p><a href="https://www.brreg.no/en/about-us-2/our-tasks/all-our-registers/about-the-central-coordinating-register-for-legal-entities-ccr/about-the-organisation-number/">https://www.brreg.no/en/about-us-2/our-tasks/all-our-registers/about-the-central-coordinating-register-for-legal-entities-ccr/about-the-organisation-number/</a></p> <p>Norwegian End users must be legal entities registered in the Central Coordinating Register for Legal Entities. This is verified by validating and looking up the organisation number as described at <a href="http://www.brreg.no">www.brreg.no</a>.</p> |
| <b>Yes</b> | <p>Natural persons signing on behalf of a Norwegian legal entity must have appropriate power of attorney (fullmakt) to represent the entity. Service Providers must have routines on par with the norm in Norway for validating the power of attorney when signing Norwegian end users. One way to do this is to use the API for signature and power of procuracy made available by the Central Coordinating Register for Legal Entities:</p> <p><a href="https://www.brreg.no/en/products-and-services-2/open-data/data-about-signature-and-power-of-procuration/">https://www.brreg.no/en/products-and-services-2/open-data/data-about-signature-and-power-of-procuration/</a></p>   |

### 2. Information Security

| Applicable | Detailed description  |
|------------|---|
| <b>Yes</b> | SMP Services providers hosting Norwegian participants must validate and look up the organisation number provided, and have routines in place to handle data quality (i.e. deleting entries for entities deleted in the central register). |

|  |   |
|--|---|
|  | The Central Coordinating Register for Legal Entities provides open data and API's that can be used to implement routines to both validate new and check status (i.e. if deleted) for entities. Please refer to <a href="http://www.brreg.no">www.brreg.no</a> for more details. |
|--|---|

### 3. Reporting on End User information and transaction statistics

| Applicable | Detailed description  |
|------------|---|
| <b>Yes</b> | Reporting based on routine and template located at <a href="https://anskaffelser.dev/authority/documentation/reporting/">https://anskaffelser.dev/authority/documentation/reporting/</a><br><br>When the OpenPeppol reporting solution is operational this will replace this requirement for the domains supported by the new solution. |

### 4. Mandatory use of centralised services and global specifications

| Applicable | Detailed description  |
|------------|---|
| <b>No</b>  | <b>Mandatory use of centralised SMP</b><br><br>Entities defined as public sector/government entities must be registered in the central SMP-service ELMA hosted by DigDir. |

### 5. Service Level Requirements

| Applicable | Detailed description |
|------------|----------------------|
| <b>No</b>  |                      |

### 6. Use of local interoperability specifications

| Applicable | Detailed description  |
|------------|---|
| <b>Yes</b> | Local specifications are documented and maintained at <a href="https://www.anskaffelser.dev/">https://www.anskaffelser.dev/</a> |

### 7. Service Provider Accreditation

| Applicable | Detailed description |
|------------|----------------------|
| <b>No</b>  |                      |
